Where couture craftsmanship becomes edible art.

An exclusive collection of couture-inspired wedding cake designs created for Waldorf Astoria Monarch Beach couples.

Inspired by the craftsmanship of luxury bridal fashion, the collection features delicate lace textures, hand-piped details, embossed patterns, edible appliques, pearls, embroidery-inspired elements, and fabric-inspired finishes.

Each design serves as a starting point that can be personalized to complement the couple's wedding style and overall aesthetic. The result feels timeless, romantic, and distinctly couture.

From Couture to Confection

The bride's wedding gown becomes part of the cake design story. Our designers draw inspiration from distinctive elements of the gown - including lace patterns, embroidery, beading, pearls, floral appliqués, pleating, bows, and other couture details - and artistically reinterpret selected elements within the wedding cake design.

Not a replica. A refined translation.

The result creates a beautiful and personal connection between the bride, her gown, and her wedding cake.
